

Remembrance of Jenn Nadeau

By Michael Johnson

Although Jenn Nadeau had only been with Rensselaer a short while, she made an immediate positive impact on our Environmental Services (ES) department with her can-do attitude, helpful personality, and impressive work ethic. She always demonstrated an enthusiastic energy level that resonated with others, and was well-liked by everyone she worked with. Jenn was also the daughter of former ES staff member Mary Nadeau, and her sudden passing at such a young age was deeply felt throughout the department.
